OBJECTIVE

MCA graduate specializing in Full-Stack Development with hands-on experience building AI-powered web applications, real-time distributed systems, and scalable software solutions using React.js, Node.js, and Python.

EDUCATION

Master of Computer Applications, Bangalore Institute of Technology 2024–2026
CGPA: 9.71

Bachelor of Computer Applications, JSS College of Arts, Commerce and Science 2021–2024
CGPA: 9.16

SKILLS

Languages: Java, Python, SQL, HTML5, CSS3

Technologies: React.js, Next.js, Node.js, Express.js, Flask, FastAPI, MongoDB, Tailwind CSS, Bootstrap, Git, GitHub, GitHub Actions (CI/CD), JIRA

EXPERIENCE

Junior Software Development Intern Feb 2026 – May 2026
Edutainer (Remote)

- Completed structured full-stack training in React.js and Python.
- Developed SkillTrade using React.js, FastAPI, MongoDB, JWT authentication, and Beanie ODM.

PROJECTS

AI Recruiter – Intelligent Candidate Ranking System [GitHub](#)

- Built an intelligent candidate ranking platform using React.js, Python, semantic search, hybrid retrieval, and Groq LLM for AI-powered candidate matching.
- Designed a multi-agent workflow for job understanding, skill gap analysis, explainable ranking, and recruiter-ready shortlisting across 100K+ candidate profiles.

AI-Powered Precision Agriculture Advisor [GitHub](#)

- Developed a full-stack Precision Agriculture Advisor using React.js, Flask, and Python, integrating 6 intelligent farming modules.
- Integrated 6+ ML/DL models including Random Forest, XGBoost, CatBoost, SVM, and EfficientNet-B0 for crop recommendation, yield prediction, disease detection, and irrigation planning.

Event-Driven Real-Time Hyperlocal Commerce Orchestration System [GitHub](#)

- Developed an event-driven hyperlocal commerce platform using React.js, Node.js, MongoDB, and Socket.IO, enabling real-time inventory synchronization and order lifecycle management across customer, vendor, admin, and delivery partner dashboards.
- Implemented WebSocket-based event orchestration with JWT authentication and automated inventory synchronization across customer, vendor, admin, and delivery dashboards.

CERTIFICATIONS & ACHIEVEMENTS

Certifications: IBM DevOps and Software Engineering (Coursera), Oracle Database Administration from Zero to Hero (L&T EduTech).

Achievement: Secured **2nd Rank** in the Bachelor of Computer Applications (BCA) program at JSS College of Arts, Commerce and Science.
